## A few things about me

---

I am 28 years old, was born Georgia/Tbilisi in 1989. Ended public school in 2006 and started to study at Tbilisi State University on Finances. But then I guess those finances was not a thing that I was interested in, I was needed something magical and started coding... that's all, I am coding now :)

## Professional Skills

---

- Javascript
- React JS
- GraphQL
- PHP
- React Native
- Laravel
- Node.js
- Mysql

## How I Became a Software Developer

---

### Master

Self Educated, Geek

Graduated  
07/2018

For the past 7 years, I've been building server APIS, Client-side webs, Developing application databases, for businesses. I've done this as an employee, and a freelancer. I've also worked and working on some very secret projects and big brands. I'd tell you, but then I'd have to kill you... :D My favorite stacks are React Native / React / Redux / GraphQL / Laravel / Node / Mysql / PostgreSQL

### Bachelor of finances

Georgia/Tbilisi State University • Tbilisi, Tbilisi

Graduated  
07/2010

I was learning some business and finance management there, but I really did not like all this stuff, I was needed something interesting for me and it was programming.
